# Custom Wood Doors.

All across America people have discovered the beauty and sophistication built into a custom wood entry door. When building a home people allocate large portions of their budgets to kitchens and bathrooms which certainly is valued and warranted, but, the entry door makes the first impression before anyone takes one step inside.

Don't neglect this most important feature when building your dream home, your church, restaurant or office building entry way. Our doors are like none other, they are beautiful works of art built to last and to be left as a legacy to adorn your home or facility for ages to come.

Let us help you enhance the welcoming appeal you desire for your entry way.

## **Make Sure Your Custom Wood Doors Are Impact Resistant.**

Hurricanes can cause severe damages to a home when its forced winds enter and create internal pressure that can lift the roof and cause other structural damages which compromises the building envelope.

We understand the need for protection against these harsh environmental conditions, delivering a long-lasting, worry-free hurricane impact door all year round.
